Atlassian JIRA, Confluence Customization Consulting, Training, Performance management, Support

As the oldest Atlassian Experts Based out of INDIAN Sub-continent, Amrut is one of the largest JIRA & Confluence implementators across APAC, Europe & America and obviously India. We help customers to setup their **business processes**, identify and **mitigate risk** earlier, improve **predictability**, to achieve their goal to **faster time to market**. In return maximizing the **ROI** and reducing the **learning curve**.

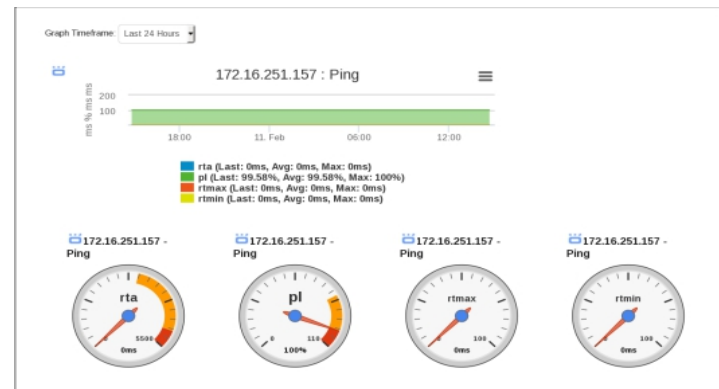

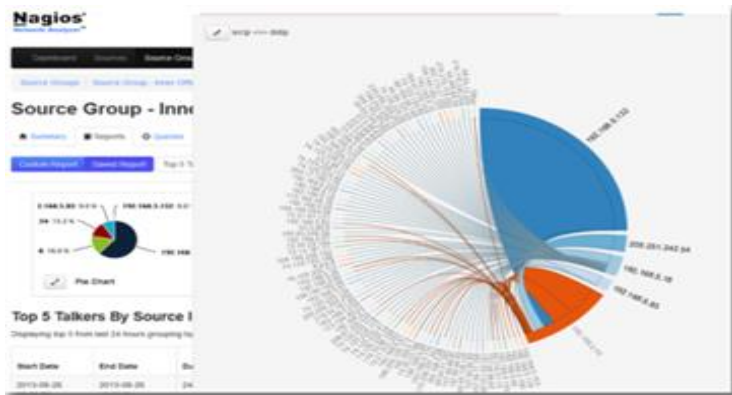

We help you implement and manage Infrastructure

Amrut Software Consulting services works with you to find proactive solutions for your monitoring requirement, better and faster implementation in couple of days instead of weeks or months. Eliminate guesswork and get the right architecture from the very start.

Nagios is the most powerful IT infrastructure monitoring solution in the market.

Nagios provides monitoring of all mission-critical infrastructure components including applications, services, logs, operating systems, network protocols, systems metrics, and network infrastructure.
